NO ONE CAN RESIST THE POWER OF *The Shadow*

An elevated mini-playfield challenges players to vanquish arch-villain Shiwan Khan by hitting all drop targets and breaking through the wall. A single thumbscrew releases the hinged playfield for easy maintenance.

An industry first: Players can change the ramp diverters, modeled after the mysterious phurba knives, to light The Shadow's famous rings and complete all four playfield ramps.

At the entrance to The Shadow's sanctum, a strange power first freezes the pinball momentarily, then draws it into a ball lock for a 3-ball multi-ball sequence.

DCS
SOUND SYSTEM

The Shadow has the power to cloud men's minds. But The Shadow™ pinball has the power to seize players' imaginations!

With The Shadow, Bally pinball recalls the atmosphere of mystery, suspense, danger and romance that made *The Shadow* a classic '30s radio series and one of this year's most exciting movie adventures. Six of the film's most memorable scenes have been recreated in dot-matrix modes. Alec Baldwin's film dialogue is included, and stars Tim Curry, Penelope Ann Miller and John Lone

have lent their voices for custom-recorded speech.

The power of The Shadow allows players to command two phurba ramp diverters--an industry first--and engage in 2-, 3- or 5-ball multi-ball sequences. In the video mode, they'll dodge a shower of phurbas. And they can ascend into The Battlefield, an elevated mini-playfield for the ultimate showdown between good and evil. Operators will also discover another of The Shadow's amazing powers--a buy-in feature with the ability to maximize collections!
